Number of calls made by Nurse	2645
Welfare Calls	1775
Medical Calls	870

It may be well to note the greatly increased number of "Welfare Calls" made by the Nurse the past year, especially as compared with the Medical Calls. We have been fortunate in having no epidemic and no great number of other cases of illness. This has reduced the number of medical calls, and has given the Nurse time to make more Welfare calls, many of which would fall under the head of "Social Service" calls. Along this line the Nurse has relieved much distress and, in some instances actual destitution. She has tried to correct many unfortunate conditions, and by her sympathetic and tactful handling of these cases, has endeared herself and the nursing service to the community. We feel that we are very fortunate in having a nurse who is so eminently able and willing to do this highly desirable work and, would ask and hope for the continued co-operation of all our people.

Respectfully submitted

LOTTIE L. RUST,

Treasurer
